

## GLOBAL TECHNICAL SUPPORT LATIN AMERICA

*Contributed by Fernando Lara, Mgr. Technical Services*

Wireco's Technical Service Team for Latin America is headed up by the Manager Technical Services, Fernando Lara. Fernando lives in Belo Horizonte, Brazil and has been with WireCo WorldGroup for the past 5 years. He has a mechanical engineering degree and is responsible for managing WireCo's technical services and providing technical support for Central and South America. Prior to joining Wireco, Fernando worked for P&H MinePro Brazil for 5 years.

Rodrigo Aguayo is our Senior Technical Service engineer, based in Chile. He has been with WireCo WorldGroup for the past 2 years. He is responsible for providing support for South and Latin America customers. Also, he is responsible for Camesa and Oliveira fishing rope support. Rodrigo has an industrial engineering degree and prior to joining WireCo, he worked for Prodinsa in Chile for 8 years.

David Zavala is our Technical Service engineer, based at our plant in Mexico city, from where he provides support for our efforts in Central and Latin America. David has been with WireCo WorldGroup for the past 2 years. Prior to joining WireCo, David worked for Maquinaria UCHA S.A., a Manitex distributor in Mexico, for 2 years. David received his agricultural mechanics engineering degree at Chapingo Autonomous University in Mexico.
